Administration, distribution and advisory	34

The Sales Prospectus with integrated management regulations, the Key Investor Information Documents (KIID) and the fund's annual and semi-annual reports are available free of charge by post, fax or e-mail from the registered office of the management company, or from the custodian bank, paying agents and the distributor in the respective countries of distribution and the representative in Switzerland. Additional information is available from the management company at all times during regular business hours.

Unit subscriptions are valid only if they are made on the basis of the most recent version of the Sales Prospectus (including its annexes) in conjunction with the latest available annual report and any subsequent semi-annual report.

Unit classes (R-A) and (R-T) are intended exclusively for distribution in Italy, France and Spain.

The information and figures contained in this report relate to past performance only and give no indication of future performance.

Notes to the semi-annual report for the period ended 30 June 2014

1.) General

The "Ethna-AKTIV E" investment fund is managed by ETHENEA Independent Investors S.A. pursuant to the fund's management regulations. The management regulations first came into force on 28 January 2002.

They were filed with the Luxembourg Trade and Companies Register with a reference to this filing published in *Mémorial, Recueil des Sociétés et Associations*, Official Gazette of the Grand Duchy of Luxembourg ("Mémorial"), on 2 March 2002. The management regulations were last amended on 1 April 2014, and a reference to this filing with the Trade and Companies Register in Luxembourg was published in the Mémorial on 15 April 2014.

The Ethna-AKTIV E is a Luxembourg investment fund (Fonds Commun de Placement), which was set up in the form of a mono fund for an indefinite period in accordance with Part I of the Luxembourg law of 17 December 2010 on Undertakings for Collective Investment (hereinafter "the law of 17 December 2010").

The management company of the fund is ETHENEA Independent Investors S.A. ("management company"), a public limited liability company incorporated under the laws of the Grand Duchy of Luxembourg with its registered office at 9a, Rue Gabriel Lippmann, L-5365 Munsbach. The company was founded on 10 September 2010 for an indefinite period. Its Articles of Association were published on 15 September 2010 in the Mémorial. Amendments to the management company's Articles of Association entered into force on 1 October 2011 and were published in the Mémorial on 21 October 2011. The management company is registered with the Luxembourg Trade and Companies Register under the registration number R.C.S. Luxembourg B-155427.

Unit classes (R-A) and (R-T) are intended exclusively for distribution in Italy, France and Spain.

2.) Main accounting and valuation principles

This report is being prepared under the responsibility of the Board of Directors of the management company in accordance with the statutory provisions and regulations on the preparation and presentation of reports applicable in Luxembourg.

- 1. The fund's net assets are stated in euros (EUR) ("reference currency").
- 2. The value of a fund unit ("unit value") is stated in the currency ("fund currency") as specified in the annex to the Sales Prospectus unless a currency other than the fund currency is specified for any other unit classes in the annex to the Prospectus ("unit class currency").
- 3. The unit value is calculated by the management company or by an agent commissioned by it under the supervision of the custodian bank on every day that is a banking day in Luxembourg with the exception of 24 and 31 December of each year ("valuation day") and is rounded to two decimal places. The management company may make different arrangements for the fund, while taking into account that the unit value must be calculated at least twice a month.
 - However, the management company may decide to determine the unit value on 24 and 31 December of any given year without reference to a calculation of the unit value on a valuation day as specified in sentence 1 above of this point 3. As a consequence, investors shall not be entitled to demand the issue, redemption and/or exchange of units on the basis of a unit value calculated on 24 and/or 31 December in any year.
- 4. To calculate the unit value, the value of the assets in the fund less any fund liabilities ("net fund assets") is calculated on each valuation day, divided by the number of fund units in circulation on the valuation day.

- 5. To the extent that information regarding the position of the fund assets as a whole needs to be provided in annual reports, semi-annual reports or other financial statistics in accordance with legal requirements or the rules in these fund management regulations, the fund assets are translated into the reference currency. Net fund assets are calculated in accordance with the following principles:
 - a) Securities, money market instruments, derivative financial instruments (derivatives) and other assets which are officially listed on a stock exchange are valued at the last available price of the trading day preceding the valuation day which ensures a reliable valuation. Where securities, money market instruments, derivative financial instruments (derivatives) and other assets are officially listed on several stock exchanges, the exchange with the highest liquidity is used.
 - b) Securities, money market instruments, derivative financial instruments (derivatives) and other assets not officially listed on a stock exchange (or whose exchange prices are not considered representative because of a lack of liquidity, for example) but which are traded on a regulated market are valued at a price that may be no lower than the bid price and no higher than the offer price of the trading day preceding the valuation day and that the management company considers to be the best possible price at which the securities, money market instruments, derivative financial instruments (derivatives) and other assets may be sold.
 - c) OTC derivatives are valued on a daily basis using a verifiable method to be specified by the management company.
 - d) Units of UCITS or UCIs shall be valued at the last redemption price determined before the valuation day, or at the last available price which ensures a reliable valuation. If redemption has been suspended for investment fund units or a redemption price has not been specified, these units are valued in the same way as all other assets at the relevant market value as determined by the management company in good faith using generally accepted and verifiable valuation rules.
 - e) If prices are not in line with the market and if no prices have been specified for financial instruments other than those under a) and d), these financial instruments and any of the other legally permissible assets are valued at the relevant market value as determined by the management company in good faith on the basis of generally accepted and verifiable valuation rules (e.g. suitable valuation models, taking into account current market conditions).
 - f) Liquid assets are valued at face value plus interest.
 - g) Receivables, such as deferred interest and liabilities, are generally valued at their nominal value.
 - h) The market value of securities, money market instruments, derivative financial instruments (derivatives) and other assets that are denominated in a currency other than the fund currency is converted into the relevant fund currency on the basis of the exchange rate determined at the WM/Reuters fixing at 5:00 p.m. (4:00 p.m. London time) on the trading day preceding the valuation day. Gains and losses on foreign exchange transactions will be added or deducted as appropriate.

Net fund assets are reduced by any distributions paid to investors in the fund.

6. The unit value is calculated in accordance with the aforementioned criteria. However, if unit classes have been created within the fund, the unit value is calculated in accordance with the aforementioned criteria separately for each unit class.

For accounting reasons, the tables published in this report may contain rounding discrepancies of +/ - one unit (currency, percent, etc.).

3.) Taxation

Taxation of the fund

The fund assets are subject to a tax in the Grand Duchy of Luxembourg, the so-called "taxe d'abonnement", currently of 0.05% p.a. This "taxe d'abonnement" is payable quarterly on the fund's net assets reported at the end of each quarter. The rate of the "taxe d'abonnement" for the fund or unit classes is mentioned in the annex to the Prospectus. If the fund assets are invested in other Luxembourg investment funds that are already subject to the taxe d'abonnement, the tax is waived for the portion of the fund assets invested in those Luxembourg investment funds. The fund's income from the investment of fund assets is not taxed in the Grand Duchy of Luxembourg. However, this income may be subject to withholding tax in the countries in which the fund assets are invested. In such cases, neither the custodian bank nor the management company is required to collect tax certificates.

Taxation on income from investment fund units for the investor

Implementing Directive 2003/48/EC on the taxation of interest income ("Directive"), the Grand Duchy of Luxembourg has levied a withholding tax since 1 July 2005. This withholding tax applies to certain interest income paid in Luxembourg to natural persons that are tax residents in another member state. Under certain conditions, this withholding tax may also apply to the interest income of an investment fund. By adopting the Directive, the EU member states agreed that all interest payments should be taxed in accordance with the regulations of the country of residence. To that end, an automatic exchange of information was agreed among the national tax authorities. An exception was agreed to the effect that Luxembourg would not participate for a transitional period in the automatic exchange of information agreed by the other states. Instead, a withholding tax on interest income was introduced in Luxembourg. The rate of this withholding tax is 35% of the interest payment. It is transferred anonymously to the Luxembourg tax authorities and the investor is issued a certificate in this regard. With this certificate, the withholding tax paid is fully deductible from the taxpayer's tax liability in his country of residence. By granting power of attorney to allow voluntary participation in the exchange of information between tax authorities or by submitting a "certificate to enable exemption from the deduction of withholding tax" issued by the tax authorities in the country of residence, the deduction of withholding tax can be avoided.

Prospective investors should ensure they are informed about laws and regulations which apply to the purchase, ownership and redemption of units and obtain advice if necessary.

4.) Appropriation of income

Income from unit class (T), unit class (R-T), unit class (CHF-T), unit class (SIA-T) and unit class (USD-T) is reinvested. The income of share class (A), share class (R-A), share class (CHF-A) and share class (SIA-A) is distributed. Distribution takes place at the intervals determined from time to time by the management company. Further details on the use of income are provided in the Sales Prospectus.

Unit class (R-A)

Regardless of the income and the performance, a fixed amount of 3% of the net asset value of unit class R-A at the end of the financial year is distributed, provided that the total net fund assets do not fall below the minimum threshold of EUR 1,250,000.00 This fixed distribution will take place for the first time in 2015 for the 2014 financial year.

5.) Information relating to charges and expenditure

Information on management and custodian fees and charges may be found in the current Sales Prospectus.

6.) Income equalisation

An income equalisation amount and expense equalisation amount are set against ordinary income and expense. This covers net income arising during the period under review which the purchaser of units pays for as part of the issue price and the seller of units receives as part of the redemption price.

7.) Information for Swiss investors

a.) Securities numbers:

Ethna-AKTIV E unit class (A) securities no. 1379668

Ethna-AKTIV E unit class (T) securities no. 10383972

Ethna-AKTIV E unit class (CHF-A) securities no. 13683768

Ethna-AKTIV E unit class (CHF-T) securities no. 13684372

Ethna-AKTIV E unit class (SIA-A) securities no. 19770878

Ethna-AKTIV E unit class (SIA-T) securities no. 19770870

Ethna-AKTIV E unit class (USD-T) securities no. 22829774

b.) Total expense ratio (TER) as per the Swiss Funds & Asset Management Association (SFAMA) guidelines of 16 May 2008. Commissions and costs incurred in the management of the collective investment scheme must be disclosed using the internationally recognised measure known as the "Total Expense Ratio (TER)". This figure expresses the total of those commissions and costs which are incurred by the assets of the collective investment scheme on an ongoing basis (operating expense) retrospectively as a percentage of net assets and is to be calculated using the following formula:

* UA = Units in the currency of account of the collective investment scheme

For newly established funds, the TER is to be calculated for the first time using the statement of operations published in the first annual or semi-annual report. Operating expense may be converted to a 12-month period. The median of month-end values over the period under review is used to calculate the average value for fund assets.

$$\label{eq:operating} \text{Operating expense in n months}$$
 Annualised operating expense in UA* = ----- x 12

As per the Swiss Funds & Asset Management Association (SFAMA) guidelines of 16 May 2008, the following TER in percent was calculated for the period 1 July 2013 to 30 June 2014:

Ethna-AKTIV E	Swiss TER in %	Swiss performance fee in %	33
Unit class (A)	1.84	0.09	
Unit class (T)	1.87	0.07	
Unit class (CHF-A)	1.89	0.31	
Unit class (CHF-T)	1.85	0.10	
Unit class (SIA-A)	1.03	-	
Unit class (SIA-T)	1.17	0.15	
Unit class (USD-T) *	2.43 **	-	

^{*} For the period from 28 March 2014 to 30 June 2014.

c.) Portfolio Turnover Rate (PTR) as per the Swiss Funds & Asset Management Association (SFAMA) guidelines of 16 May 2008. The Portfolio Turnover Rate (PTR) calculated as per the Swiss Funds & Asset Management Association (SFAMA) guidelines of 16 May 2008 shall be disclosed as an indicator of the relevance of the additional costs incurred by the fund as a result of buying and selling investments.

*UA = Units in the currency of account of the collective investment scheme

Total 1 = Total securities transactions = X + Y

Securities purchases in UA = X

Securities sales in UA = Y

Total 2 in UA = Total transactions in units of the collective investment scheme = S + T

Issue of fund units in UA = S

Redemption of fund units in UA = T

As per the Swiss Funds & Asset Management Association (SFAMA) guidelines of 16 May 2008, the following PTR was calculated in percent for the period 1 July 2013 to 30 June 2014:

Ethna-AKTIV E: 221.65 %

d.) Information for investors

Payments may be made from the fund management fee to distributors and asset managers in return for distribution of the investment fund (trailer fees). Reimbursements may be granted from the management fee to institutional investors which hold the fund units for third-party beneficial owners.

e.) Amendments to the Prospectus in the financial year

Published amendments to the Prospectus in the financial year are made available in the Swiss Official Gazette of Commerce www.shab.ch and at www.swissfunddata.ch.

^{*} UA = Units in the currency of account of the collective investment scheme
